Atten: Mr. Chris Howell

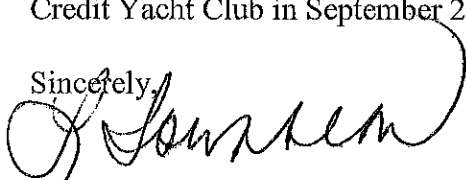

Dear Chris:

The Canadian J/24 Class Association and the Organizing Authority for the 2017 J/24 World Championships would like to apply to the IJCA to host a semi-open regatta for the World Championships at Port Credit Yacht Club September 15- 23, 2017.

We feel that the semi-open format will provide the best turn out from the class. Port Credit Yacht Club has the capabilities to host an 80-90 boat regatta, as demonstrated by running the Lake Ontario 300 race, which supports from 125 to close to 300 boats in their harbour for several nights and multiple starts of boats from 27 to over 50 feet in length. We would like the regatta to be open to boats that have raced in their district championship the year before, not just ones that have won their district championships.

We are excited about hosting the 2017 Worlds and look forward to hearing from the IJCA World Council on our proposal to have a semi-open World Championships at Port Credit Yacht Club in September 2017.

Sincerely,

for  Monica Doedens and Lynda Townsend
J/24 World Championship Co-Chairs
